## Get More from Your Plan.

**National coverage. Built-in value. Easy to understand.**  
**It's simple to switch to a new Belief Plan — and smart.**

You talk. You text. You get e-mail when you're on the go. And when you need a break in your busy day, you send a few pix or jump on Facebook.

So when you told us you want a wireless plan to do it all, we built our Belief Plans.

▪ **All Belief Plans are national.** Enjoy our Nationwide 3G Network with no roaming or long distance charges.

▪ **The choice is yours.** Choose from six Single Line Plans and six Family Plans. Family Plans include up to six lines!

▪ **Bundles for built-in value.** Belief Plans give you a bundle of minutes, messages and data. Get everything on one plan, for one price. For the very best value, check out plans with unlimited minutes, unlimited messaging and Data Plus.

▪ **All in the family.** Everyone in your family can check e-mail on the go, surf the Web and use GPS navigation. When you choose the Premium Plus Family Plan, each line enjoys Data Plus.

▪ **Switch to a Belief Plan.** If you're a U.S. Cellular® customer in the middle of a two-year contract, you can finish your remaining term on the Belief Plan of your choice.

Once you complete your existing contract, you'll never sign another — but you keep all the benefits of being a U.S. Cellular customer, including phone upgrades at promotional pricing.

At U.S. Cellular, we believe you'll stay with us because you want to, not because you have to.

## Better. Believe It.

Enjoy all the extras when you switch to a Belief Plan:

**Belief Rewards:** Earn Belief Points every month when you switch to a new Belief Plan. Redeem them for earlier phone upgrades, Overage Forgiveness, new phones and accessories, ringtones and more.

**No Contract After the First One:** After your existing two-year contract, you'll never sign another — but you keep all the benefits of being a U.S. Cellular customer.

**Phone Replacement:** Our new Premium Plans include Phone Replacement in case of loss, theft or damage.

# For Real? Believe It.

**We created The Belief Project<sup>SM</sup> to give you a better wireless experience. No hidden agenda... no gotcha... no surprises. But in case you're wondering:**

### **Q: So what's the catch?**

No catch. We're committed to being the wireless carrier you want to keep. So we created The Belief Project<sup>SM</sup> to give you valuable customer benefits like Belief Rewards, Overage Cap, a discount for paperless billing with automatic payment and more.

### **Q: Can I keep my current plan?**

If it works for you, it works for us. Stay on your current plan as long as you like. But when you check out our Belief Plans, we think you'll be impressed by the value. If you choose to keep your current plan, we're not able to offer you Belief Rewards or other benefits of The Belief Project.

### **Q: You say "no contract" after the first one. With no contract, will I pay more for a phone upgrade?**

After your existing two-year contract, you'll never sign another. But you keep all the benefits of being a U.S. Cellular® customer, including phone upgrades at promotional pricing.

### **Q: How can I find out more?**
