## Chronic Fatigue Syndrome

### Testimonials:

**LuAnn:** Next week it will be a year since starting the Mangosteen and Minerals. What an amazing year it has been! My health saw a 180 degree turnaround. Going from primarily bedridden to living a life of quality and joy has been amazing! I really liked the Minerals and Mangosteen from the very first dose. I had tried every pill under the sun for my Fibromyalgia, Chronic Fatigue Syndrome and migraine headaches. Some things helped a bit, but never for long. Most things didn't help at all. Even massage, chiropractic care and acupuncture treatments did little to ease my symptoms. I had a dramatic upswing after taking the Mangosteen and Minerals for even a short time! My chronic fatigue was gone! I am no longer sleeping my life away. Living on pain pills for migraines became a thing of the past. Having taken pills two or three times per day has changed to only two or three times per month now. My Fibromyalgia issues have been resolved by about 85%. Some days, one dose of the Mangosteen and Minerals is enough, but I listen to my body and will take another 2 ounces if I feel the need to do so. Another plus is that I have not picked up a cold or flu bug in the past year! The Mangosteen and Minerals really did change my life!

*Thanks, LuAnn*
