We reserve the right to modify this policy at any time without prior notice. If we make any significant changes to this policy, we will post the revised policy on this page and also notify you via email.

What happens to this information?

Personal

This information is never shared with or sold to any third-parties, unless required by law. It may be necessary to share information in order to investigate, prevent, or take action regarding illegal activities, suspected fraud, situations involving potential threats to the physical safety of any person and violations of WeSplit.it Terms and Conditions.

We will use your email address to communicate with you about your account and all WeSplit.it services (notifications, new features, etc)

We will also use your email address to inform you about changes in our Privacy Policy and our Terms & Conditions.

Your password is encrypted using the latest security technologies available even we can't tell what it is!

We will only use your phone number to send you text-alerts as and when that facility is introduced.

If WeSplit.it becomes involved in a merger, acquisition, or any form of sale of some or all of its assets, we will provide notice before personal information is transferred and becomes subject to a different privacy policy.

Group & Misc/Optional

This information is collected on an anonymous basis, i.e. any information collected in this category is never associated with personal identifying information. For example, we will collect information like "how much do people living in south London pay for broadband?" What we don't collect is "who are these people?" nor do we collect "how much does a particular Londoner pay for utilities?"

Your date of birth and gender will be used similarly. For example, we will use this information like "how much do women, living in Scotland, aged between 22-29 pay for concert tickets?" We will never use it like "how much does a particular man living in Wales pay for cleaning services?"

This information may be shared, sold or rented to third-parties primarily to provide better deals for utilities or other services that WeSplit.it is used for.

We will never do so in a manner that could even remotely be individually identifiable

Your location is collected specifically on a city, country level and is only used for delivering appropriate

advertisements according to your region.

We will protect your information from other users.

Nobody can see a bill unless they're part of it, or have created it themselves, even if they are in any of your groups. You can only be added to a bill by someone who already knows how to get in touch with you via email, phone or in person.

Cookies and Other Technology

We don't use cookies. We collect information about your visits, such as service provider, IP address, browser type, screen size, operating system, pages accessed on our Web site and the date and time of access to optimize your user experience and enhance your time spent with us online. We also receive information telling us what site you came from.

Notifications, Reminders and Newsletters

When you sign up, you've agreed to receive all notifications, reminders and newsletters from us. We send notifications when bills are created, modified, deleted or paid or when dues are settled. We send automated reminders for bills due the next day. We occasionally send newsletters about new features in WeSplit.it.

Your friends may request that we send you a reminder to pay or collect outstanding debts, but this is only ever initiated by them - never by us. These messages cannot be customized, and so they cannot be used for spam.

You can opt out of receiving these notifications, reminders and newsletters by visiting your Settings page on the dashboard. Just follow the *Edit Settings* link below your name.

Advertisements

WeSplit.it will have image and text advertisements displayed on various pages. We will also include image and textual advertisements in the emails that are sent from WeSplit.it

Disclaimer

We do not deal in actual money and debts but instead in just simple information about the same. The information we store about dues between people and within groups is strictly informative, and carries with it no

actual monetary backing or obligations. Moreover, WeSplit.it is a bill managing service that will remind you when your bills are due to external providers or other individuals but is never responsible for the actual payment of bills directly to them.
