## Prostate Challenges

### Testimonials:

**Jeff:** "For 5 years I took an antihistamine and decongestant to battle severe allergies. At the time I was unaware of the study that a large percentage of men who have a prolonged use of the antihistamines will suffer prostate problems. Unfortunately, I became one of these men experiencing symptoms at the age of 38. After two surgeries and years of antibiotics, I still suffered from chronic prostatitis (swollen prostate) which in turn caused continuous bladder infections. Inflammation of the prostate was the underlying cause of these reoccurring symptoms. I took Vioxx and Celebrex until they were withdrawn from the market. I then used 1600 mg. of ibuprofen per day. This helped greatly but caused stomach irritation...I have now been on the product for 8 months and have been off all antibiotics and ibuprofen. In addition I no longer get up 5 to 6 times per night to urinate which allows me better rest. At 43, I am symptom free for the first time in 5 years. For me, the minerals and mangosteen have literally changed my life and health."

*Jeff - Illinois*

**Robert:** "The minerals & mangosteen have changed my life since May 16th, 2005. Not only have I seen a reduction in my blood sugars but I have noticeable improvement in a foot fungus I have fought for years. I am most excited about what the minerals & mangosteen has done for my chronic prostatitis. On May 15th my daughter and her husband had us meet to hear more about the minerals & mangosteen. They were very excited to share this amazing product with us. I was plagued with sleepless nights from frequent urination along with repeated bladder infections. Since January 2005, I have been on 4 different antibiotics to rid myself of the bladder infection only to face an immediate return of the infection. My last prescription was Leviquin which cost me \$81.97 (out of pocket expense) for a 7 day supply. Since using the minerals & mangosteen, I have not used an antibiotic nor am I bothered with frequent urination! All of these results with the minerals & mangosteen product costing me far less than my prescription medications."

*Robert - Decatur, Illinois*
