Small Step Stool

★★★★★ 5.0 | 8 Reviews

[WRITE A REVIEW](#)

The Small Step Stool is great to have when something is just out of reach. It has an attractive, skid-resistant texture on its surface and four skid-resistant feet to ensure safety.

- Attractive, skid-resistant texture on surface and four skid-resistant feet ensure safety.

WHAT IS THE COUNTRY OF ORIGIN FOR YOUR SMALL STEP STOOL #2753?

Rubbermaid · 2 years ago

The #2753 Step Stool is made in the U.S.A. of global components.

Most Rubbermaid products are manufactured in the USA. The raw materials for making plastic are sourced from many places all over the world. Plastic resin is a petroleum based product.

Since the raw materials used to make the plastic in our products are globally sourced, we are required to note this on the packaging.
