What a blast! So glad we tried this! We had a group of 4 but when we made reservations they put us with another 2 groups so we filled a bike. They were so much fun and everyone was laughing and joking in no time! The bike has a rear bench that seats 3 so even if someone is unable to pedal they can still go (or you can take breaks from pedaling.) I'm totally not in shape, and you don't have to be to do this. Everyone pedals and it's easy, but you will definitely get a bit of a workout.

They start at the Brat House (great food there, BTW) and they stop at 3 bars (for about 20-30 mins. each) in downtown Scottsdale. I wouldn't recommend ordering food as time is pretty limited but its enough time to get a drink and a quick game of pool. As of now you cannot drink on the bike but after July 15 they said you will be able to take alcoholic drinks with you on the bike, (Sooooooo we will be back after July 15 for sure!) Kind of a cool way to experience different bars in the area.

We went from 4-6pm and the weather was PERFECT, but I could imagine later in the summer it would be really HOT! I probably wouldn't want to do this during the day in the summer, but evening, sure.

I LOVED the looks from people as you pedaled by. Most would have a look like "what the....?" and others would honk and wave. Our driver (I forgot his name, tall, thin, 23.... ugh!) was great and we were jammin some great tunes. Only thing that would make this better would be to have a stripper pole in the middle of the bike. (He said that has been suggested numerous times haha!) If you don't have fun on this thing you are probably lame anyways!

My friends party spent dunk-peddling through Old Town. Can you beat that? Only one minor injury due to loss of grip strength. Funny as heck. The more the merrier and the less work you have to do. I did not realize the thing had a motor until halfway through the day so I peddled like an idiot. This is genius and a must do for all professional drinker/partiers such as myself.

SUPER fun times on my birthday! You aren't able to drink on the trolley, but they take you to a few different spots to have drinks and fun. Insider tip: the bike has a motor, so really there's no need to pedal at all. Lol. But it was fun figuring that out WHILE drinking! I recommend gathering a big group of friends and booking with these guys. They're really cool dudes!

Riding around the Tour De Tavern in Old Town Scottsdale is something you should do! Get together you and 15 of your closest friends for a ride you'll not soon forget. You get to choose the music or plug in your own and enjoy as the Old Town people stare and take pictures of you as you roll on by having the time of your life. Oh yeah and you actually get to stop at the bars of your choosing along the way! ;-) The hosts on the Tour were awesome guys. Great idea!

Every year, I try to plan or throw a holiday party for my friends. I'm new to AZ and have seen the Tour De Tavern rolling around Old Town Scottsdale... Immediately I knew that we'd have to give it a try for this year's get-together! The gentleman who helped me arrange the tour, Brendan, was helpful and worked with us to provide a good deal for our group, since we would be renting out the full bike. Our driver worked with us to help us follow a pre-determined schedule (it is a pub crawl, after all!), so that we could get to all of the bars we were hoping to try. While alcohol isn't allowed on the bike, they did ensure that our thirst was quenched with drink specials at each of our stops! The bike is definitely more of a workout than you would guess, but after a few beers, no one minds, and our entire group agreed that it was worth it! I'd definitely recommend giving it a try - it's a fun, novel experience that everyone will love!

Tour de tavern is the best birthday gift I could have given my husband! The best experience ever! He loved it soooooo much! I am guilty of spoiling my husband on his birthday with awesome parties and this year was no exception! He loves biking and drinking so this was a no brainer! Brendan was the vision of professionalism along with being personable and I felt comfortable throwing any questions that came to mind. I set up a 2 hour tour with 16 of us and everything went perfectly. I set up a surprise at Brat Haus around noon that way everyone would be there by 1:30, leaving time for everyone to eat and secretly sign their waivers before our 2:00pm scheduled tour. I had Eric thinking the lunch at Brat haus was the big event, so when I surprised him with Tour de Tavern he was ecstatic!! Brendan and his team were kind enough to put up a banner (1ftX5ft) that I had printed out for him, it fit wonderfully. We had a blast with 14 of our closest friends and family pedaling across old town. Everyone had a great time at the 3 bars that were suggested with the best drink discounts from the tour- dos gringos, Gillian's and coach house. We blasted our iPod and they are kind enough to provide cold water for everyone. When you're going through alleys you can switch up peddlers by running around a couple of times almost like musical chairs-- super fun! I was worried 2 hours wouldn't be enough time but it was plenty! I recommend Tour de Tavern, and I am so happy with the experience and service! Thanks for making my husband birthday unforgettable!!

I've taken this for two birthdays (the first was their first ride ever) and it is soooo much fun! Not only do you get a good work out (pedal pedal pedal) but they take you to some fun bars that give you good deals (aka Dos, gilgins, lodge, etc). Plus, tourists love this- you'll be waving as much as your pedaling! Great for a birthday, a day of dAyDrinking, or whatever else kind of celebration! Picks up at Brat Haus which is also delicious! Five stars fo sho

This was one of the best times I have had in Scottsdale! The tour de tavern was a non stop party on wheels as we went around old town. I really enjoyed getting some drinks with friends while relaxin on a group powered bike ride. Everyone was outgoing and talkative which made for a really fun atmosphere. Our driver Brendan took all the work out of where to go and we just pedaled. I will definitely be back again!

Bike cabs beware! You've got nothing on this rig!

Tour de Tavern is a tribute to tipsy teamwork and a perfect way to host a unique group event. As "pedalers" on their inaugural tour, we enjoyed the celebrity treatment of cruising down the winding streets of Old Town Scottsdale as onlookers snapped photos and cheered us on!

We rocked out to top 40 hits and, by special request, our Lonely Island favorites on their awesome sound system. Our guides were flexible and let our party run the show. If we needed more time for let's say..... an impromptu horseback ride in front of Shotgun Betty's, they were more than happy to wait.

As an added bonus everyone gets to burn off some of those unwanted cocktail calories in between your favorite watering holes. If you are concerned that after a few stops (and a few shots) your legs might lose some of that forward momentum, there are a few coveted "non pedaling" seats in the back of the bike. We all compromised with a friendly and fair rotation system.

Our tour guides were helpful, accommodating, and entertaining. They even proved to be exceedingly patient upon discovering that we did in fact have "that guy" in our group.

If you're saying to yourself, "Such a marvelous experience could only cost an arm and a leg" then you would be wrong! With the cost of gas being substituted for sheer earth friendly man power, our group of fifteen people spent less than \$30 bucks each for the experience.

But wait, there's more! Included in this price are all the amazing special deals that Tour de Tavern exclusively brings you at select bars along the route. On our tour we were offered drinks specials ranging from \$3 to ONE PENNY! I say this in all caps because it's ONE PENNY!

So next time you are planning an event, I recommend Tour de Tavern 100%!

"Look Ma! No hands!"

I am addicted to TDT! Any time we have visitors in town we always book a tour. It's a great way to see the various bars / sights in Old Town Scottsdale while sipping on a cold one. It's an added bonus the various drink specials at the bars. You feel like a celebrity riding around on it because everyone is just amazed at the idea of a 16 person bicycle! It is quit the sight! I highly recommend TDT! Great customer service. Brendan and Rylee are accommodating and make you feel like you're apart of the TDT family.

My friends rented this bike for a birthday party, and we had a great time bike-hopping through Old Scottsdale. The best things about this bike are:

- It's a unique experience and the process was exciting throughout
- The reaction you get from people on the street (lots of cheering and encouraging)
- Working together and getting to travel together as a group to the bars
- The sound system (ipod hookup) was great
- The lights on the bike add to the allure of it (we did a nighttime ride, and even that was really hot in Phoenix in April)
- They have some good coupon deals with the bars you stop at (free shots, coupons for a dollar off drinks, and different drink specials to name a few)

A couple things to be aware of with the bike:

- They have helmets available for wearing, but most people waive it (you're only going 8 mph and unless you're really drunk you shouldn't need it)
- You can't drink on the bike bar, because of open container laws. It's a bummer but doesn't take away from the experience.
- To make the most of your time, the goal is 3-4 bars in the 3 hour window. Which means you are always on the move, and are always chugging the last few sips of your drink to get going. Shots might be a more efficient way to go. :)
- Because you are traveling with your own group of 16, every where you go is going to have a line, made up of your own people! So there is definitely a lot of downtime between drinks.
- Someone in your group needs to keep track of the time and keep everyone moving. I recommend a cowbell or something so you can round people up easily in the bar to head back to the bike.
- Pedaling the bike can be a lot of work...more than a bike. There are 12 pedalers, plus you're pulling the extra 4 people in the back, and the driver, and the 3500 pound bike. Be ready to sweat! Also shoes with good grips are a good idea (although some girls managed with heels...but maybe that's why pedaling felt like a lot of work for the rest of us).
- The Tour de Tavern owners are really friendly. Our driver/part-owner was Brendan and he was really fun and made sure we had a good time. He was a safe driver and handled the bike really well.

I really recommend this bike for anyone that wants to get a group of people together and try a fun new experience!

This was AWESOME!!!!

Ultimate way to bar hop. What I saved on drinks paid for my seat on the bike. Super nice guys that helped our large group keep moving. They also traded out with some of the girls and helped pedal after 3 bars. Definitely not difficult to do since Old Town is pretty flat.

You should try this! We went with a group that took up the whole bike, but had we gone with total strangers, I'd bet we have been good friends by the end and have had just as good of a time. loved that we could play our own music to pedal to.

very unique and fun experience.

I purchased this event for a fun neighborhood get together and it was a blast! Brendan was great to work with and kept us informed on what we needed to know and do and all we had to do was peddle! We booked our date and then a few days before the event he sent us an update and when we got to the Brat Haus, everything was ready to go.

Brendan joined in the fun and every stop thru Old Scottsdale was a new experience. The pubs greeted us and the crowds on the streets cheered us on.

We definitely recommend this as it's a fun time for all!
