Should you tell your hot date where you were born, or about LV?? lol!!

This is one of the best pics we've seen! Thanks to Rockstar Promoter Lisa Gore!! People ALWAYS ask "why is LV exploding"... because the "plan" is so simple you can write it down for your DATE on the dinner table!!!
LV is not only committed to launching Ultra Premium product lines, but our marketing, branding and packaging will be Ultra Premium as well! Here's a sneak peek of the packaging one of our very first flagship products - THRIVE by LV!
