WHITE CLOUD E-CIGS BENEFITS

Think e-cigarettes won't be as satisfying as tobacco? Let us prove you wrong. White Cloud e-cigarettes don't just satisfy your nicotine craving – they give you a full-flavored vaping experience. The best part? Our e-cigs bring you benefits, from your bank account to your health.

Save Money

Smoking is expensive – and getting more expensive every year. Our competitively priced e-cig starter kits and disposable e-cigarettes allow you to start using top-quality e-cigs on any budget, while our ClearDraw2 e-cig cartridges give you more liquid, longevity and value than any competing products, so you enjoy more and spend less.

Stay Social

Forget the outdoor smoking section of shame. Forget standing in the cold just to have a smoke. Gone are the days when offensive odors, messy ash, and lingering smoke force you outside when a craving strikes. Also gone? The irritated looks from non-smokers. Enjoy the satisfaction of smoking without worrying about smoke, smells, burns – or judgment.

Cut the Chemicals

You've heard it a million times. Tobacco cigarettes have thousands of chemicals that have nothing to do with the delivery of nicotine. Why inhale the nasty stuff when you don't need to? The ingredients in our e-cigarettes eliminate many risks associated with smoking by releasing the nicotine in vapor that only contains a small number of ingredients.

Choose What's Right for YOU

You deserve choice! Don't limit yourself to 2 flavors and a few nicotine strengths. Our more than 20 flavors and 8 distinct nicotine strengths give you plenty of choices for a satisfying, enjoyable e-cig, without limitations. Try new flavors, find your perfect strength, and move beyond low-quality e-cigs. Choice is what being in the White Cloud Nation is all about!

WHAT CUSTOMERS ARE SAYING ABOUT WHITE CLOUD

This is the first time I've been confident I will never pick up another cigarette again and it's all thanks to these guys. From now on, I'll only be buying from White Cloud!

Ashley - Raleigh, NC

They truly strive to please their customers in anyway they can. I've tried a couple of brands available in stores + there's absolutely no comparison to WC.

Marty - Atlanta, GA

I just received my pack of mini fling disposables today, and I wanted to say WOW! These are far better than ANY other disposable, and I've tried them a l.

Kimberly - Houston, TX

Why do I feel sick, like a cold or flu, when I use e-cigarettes?

Patti Ray
Oct 07, 2014 03:12

We hear this question from customers every single day. It's a fair question -- most folks in our e-cig community are former tobacco users. **Quitting tobacco cigarettes makes you feel a lot worse before you feel a lot better. It's one of the reasons why so many people continue smoking.**

Quitting tobacco is hard. It's a major lifestyle adjustment, both mentally and physically. Your body does unpleasant things while it adjusts to oxygen again, and that the habit of lighting up regularly is so very hard to break.

E-cigarettes do not cause these symptoms. I wish I could tell you that switching to e-cigarettes will eliminate all of the unpleasantness, but it will only help you with the irritability. E-cigarettes can satisfy your body's craving for nicotine, but chances are you're going to experience other temporary symptoms when you quit.

Please continue reading our Blog [Quitting Tobacco & The "Smoker's Flu"](#) for more complete information on this topic.

What is the "smoke" released by inhaling and exhaling White Cloud E-Cigarettes?

Patti Ray
Jan 15, 2014 09:01

The "smoke" from a White Cloud e-cigarette is actually a water vapor. It looks like cigarette smoke, but has no odor. In addition, it won't stain your teeth, fingers, furniture or walls.
