Osteoarthritis, Fibromyalgia, Rheumatoid Arthritis?
What RESERVE by Jeunesse has done for me!

Hello there! I am Melissa, hairstylist/owner, and Independent Distributor for Jeunesse Global.

In 2007, the journey began with the diagnoses of Osteoarthritis, Fibromyalgia, and Rheumatoid. Over the course of years, I experienced inflamed joints, tingling of hands and feet—often drawing to the degree of not being able to dress myself or grip a cup of coffee, stiffness, numbing, depression, chronic fatigue, loss of appetite, sleep deprivation, and the infamous pain endured.

As most of us who suffer with these terrible diseases, we can all agree we have taken all types of supplements and medications, changed our diets, and attended physical therapy. However, most with little to no help of relief, we continue to have flare ups, uncomfortable moments of getting out of bed, gripping objects, stiffness, not to mention, the ill feeling of some medications give us.

I am here to tell you there is **HOPE**. I joined Jeunesse Global in January 2015. After researching their wellness products, I found **RESERVE** being the most affective supplement to ease my Osteoarthritis, Fibromyalgia, and Rheumatoid. After 2 days, my pain, discomfort, stiffness, and fatigue decreased significantly. It has been years since I have felt this awesome. Although, I am not cured, I can openly say **RESERVE** has been a blessing to my family and myself as I am able to enjoy daily activities and finally feel "normal" again.

Disclaimer: RESERVE is not a cure for Osteoarthritis, Fibromyalgia, and Rheumatoid Arthritis and may not relieve pain in a way it has for Melissa, as everyone reacts to supplements differently.
