**MyPillow** Joe DiAntonio I recommend washing and drying the pillow. Often times, this helps to fluff everything up and redistribute the fill more evenly. If this does not resolve the issue to your liking, please give us a call at the number below so that we may assist you further. Thank you.

 **Sharon Green** Hey [Darin A. Mack](#) I have one and it works wonders for me. I am not sweating, I don't feel tired and most of all I don't have to use 2 or 3 pillows just to get comfortable. All I can say to you is try it out.

**Jennifer Aggus White** I LOVE, LOVE, LOVE, this pillow! We thought it was a lil expensive when we bought it. However, it's worth every penny! I suffer with fibromyalgia, insomnia, sleep apnea, and neck pain . I used to use 2 pillows and was always trying to get them comfortable. Now I only need one pillow! This one! I have been using it for 8 mths now and LOVE it! I now get a better nights sleep than I have in yrs! This is one product that lives up to its word! It's truly the most comfortable pillow I have ever owned! Btw.. Since I started using it my neck pain is gone!

**Rhoda Wierer** Thank-you, thank-you, thank-you.....have loved the pillow for a year. We just got the Mattress Topper (plus a couple of extra pillows).....FINALLY a good night's sleep after so many years of hunting for something to help. No more restless leg. I get up in the middle of the night and can finally go right back to sleep. Hard to get up in the morning because it's so comfortable.

**Mary Paulsen** I have 5 of these pillows....I had to buy each one separately though in an Alco or Walmart. I really like them. I hear they are at the Martin County Fair.....sure hope I can check it out today or tomorrow. Want to see and hear about the mattress topper.

**Carter Cathy** My pillow is the best money I've spent in a long time, pain and swelling in my left hand and fingers. One trip to the Orthopedic Surgeon and I found out through an MRI, 1400..00 of which I m still paying...i have a herniated disc 5/6....the treatment was spinal bloc...nada....and surgery was 22,000.00...So while awake one night I ordered my pillow...WOW..first night, great morning pain gone fingers now better. After sleeping on it for about a month symptoms and pain is getting better and better each day. Give it a try before surgery...save money...
