**MyPillow** ✓

March 3, 2013 · 🌐

Dear MyPillow,

Last Summer I was in awful neck pain from pinched nerve and Lyme Disease. For months, I was unable to sleep, which has never been a problem for me. I bought your pillow and the next day my pain was drastically reduced. I have recommended to all of my patients, bought them for family members and also have two in my office.

Thank you for your invention.

Sincerely,

Dr. Diane
