My daughter, Lisa, introduced me to Kyäni Nitro FX. I thought she had gone crazy, but she said it would help increase the circulation in my legs, and with continued use it has helped me get back on my feet. I started painting again and have much more energy! My friends have noticed the changes in my appearance and want to know more about the products that have brought about these results.

At 74, I earned my new Audi and I am so excited to see all of the wonderful things Kyäni is doing for customers, my downline and me!

When I was first approached with the Kyäni opportunity, I said, "Oh no, not again," and I gave the samples to my parents. After a week, my parents were feeling much better and I couldn't ignore the results.

Being a Zumba instructor, boxer and mom of two I was working six days a week. Extending my arm was difficult and painful, resulting in my having to take prescription medication to help.

When my father raved about the product, I decided I would need to try it and I am so happy that I did. I now enjoy sharing the products with others and seeing their health improve.

With Kyäni I found my dream again! After just 8 short months with Kyäni I am now driving a beautiful new Audi. I was cautious about getting involved with another network marketing company after having been disappointed with my experiences in other MLM companies in the past. But I tried the products and I was delighted to find that Kyäni wasn't like any other company I had worked with. I found out that Kyäni is not a typical network company. I have confidence with the company and their products!

My husband's health had been suffering and I was desperately looking to find something that would help him. Then, like an angel sending God's answer to my prayers, out of the blue a friend came to me and introduced me to Kyäni. To the surprise of both my husband and I, he felt a big difference within two weeks. His blood sugar level improved & his blood pressure came back down to normal levels. I was so excited that I wanted to share it with anybody and everybody that I could find. I am grateful for what Kyäni has done for my husband and the rest of my family's health. It became a mission for me to help other people who are having pain and dealing with health issues in their lives.

Not too long after I joined the company, my work downsized and I needed extra income to cope with the change. To be honest, I wasn't thinking about the business side of Kyäni because I was just excited about the product. But, because Kyäni has an excellent business opportunity program, after only 64 days I was recognized and awarded for my hard work. I received my brand new Audi A4! I am convinced that Kyäni works wonders in the lives of everyone. It surely changed mine for the better. Thanks Kyäni!

Kyäni gives me hope for the future and the belief that I can

dream again. I feel blessed to have these life-changing products that are helping hundreds of thousands of people around the world. I am honored to share Kyäni every day in hopes to help at least one more person experience better health and a better life.

Kyäni has helped me so I no longer need medications. With Kyäni, I was able to step down from my full-time job to a part-time, and at my Sapphire rank, I earned my Audi Q5! This is the first luxury car that I have ever owned, and I can tell you that you can earn one too! Dream big, Kyäni family!

When my husband and I were introduced to Kyäni, we immediately knew we had our hands on something very special. **After taking the products for only a couple of weeks we began to see improvements in our health and were able to stop taking many of our prescription medications.**

We felt compelled to share Kyäni with our friends and family. My husband and I continue to pinch ourselves as we travel down this new business opportunity with Kyäni. In just 2 short months, we were able to get a beautiful new Audi Q7 where Kyäni has given us \$1000 to put down and we now receive \$500 a month toward our car payment through the “Kyäni Drive Your Dream Car Program”, not to mention a great residual income source. **Not only has Kyäni improved our health** but it has given us a new income stream to improve our way of life while we help others do the exact same. We cannot thank enough those who have joined along, helped and guided us in this journey. Thank you Kyäni!

I have suffered from many serious health challenges in the past 18 years. Recently, I started taking the Kyäni 7 day trial pack and Kyäni Nitro Xtreme. I noticed improvement by the 5th day and was thrilled that I no longer had any pain, I was full of energy, and I slept deeply. I believe Kyäni is a gift from God and I am so thankful for these products that I signed up for the Kyäni business opportunity as well!

Before I was taking Kyäni Sunset, I was having some major difficulties with my memory. I would hear something and 30 seconds later, it was gone. I was also having trouble holding onto my train of thought and word recall. After being on Kyäni Sunset for three weeks, I have definitely noticed an improvement in my memory. Memory problems had begun affecting my self-esteem and I have days now where I actually feel articulate and smart, which boosts my self-confidence. My doctor recommends Kyäni Sunset over any other brand and I'm so glad that I followed her advice.

As a 28-year-old mother of two with a full time job and a busy household, I need all the health and energy I can get. From an early age I have been experiencing problems with vertigo, nausea and low-blood pressure. Since I have been taking the Kyäni Health Triangle I have been symptom free. I can finally say I have my normal healthy life back, not to mention the energy of an 18 year old! Thank you Kyäni for a chance at a healthier life!

I would like to express my appreciation for Kyäni Sunrise. As a man who works a demanding physical job, I find that Kyäni Sunrise improves my energy level. Kyäni Sunrise complements my breakfast in a couple of ways; it tastes good, and it is good for my health. I would like to end this testimonial by asking who needs "a spoonful of sugar to make the medicine go down," when Kyäni Sunrise tastes better and could prevent you from having to take medicine in the first place?
