### The latest My Pillow Reviews and Testimonials:

**Just wanted to let you know I love my pillow!** I bought one for me and one for my husband. We don't like the same kind of pillow, but we both use the same exact type of MyPillow! Amazing! I am so happy that I have already bought 4 more!! I love also that they are made in the USA and that they can be washed and dried!! What more could we ask for?? I have recommended them to relatives and friends too! Peggy C.

**Bought your "MyPillows" from TSC in Toronto some time ago and really loved them.** Was hospitalized with pneumonia for 9 days at the beginning of January 2016. After only 2 days in the hospital, my neck was aching very badly from the base of my skull down to my shoulder blades. The pain was hampering my sleep and causing me a lot of distress. Asked hospital staff if I could bring in "MyPillow" from home to use. It was allowed. It was like "magic" - my aches and pain disappeared the first day I used it. Can't say enough about your product and 'never' thought I write a testimonial for a pillow. Thanks for your wonderful product!!! Carole W.

**MyPillow is the most remarkable thing that has happened to improve my sleep!** This is NOT a bogus review -- it is absolutely the real deal. I have suffered from chronic pain for years due to terrible spinal injuries and degeneration. After numerous surgeries to remove discs and rebuild my spine, I have not been able to sleep for years. Seeing the MyPillow commercials many times, I sort of ignored them, but one really bad morning after another night of zero sleep, I saw the commercial and thought, "why not?" It is the BEST decision I have ever made to improve my sleep, health, and life. I LOVE MyPillow. I will highly recommend MyPillow to all my older Boomer friends and family! Many, many thanks, Mr. Lindell, for this remarkable product! Robert B.

**I love MyPillow and your customer service!** The pillow is great and does EXACTLY what they say they will do. I have a great night's sleep with just one MyPillow needed! I'm a return customer, and am giving them away as gifts now! AND, your customer service is fantastic too. I had an RMA for exchange and talked to your customer service. She was helpful, friendly, and did all the work for me! And, she was US based! There is great value in your product and service. I am definitely a MyPillow FAN! Thanks for being a GREAT American Company who stands by its products! Eric C.

**I am an ear, nose, throat and dermatological surgeon** trained in voice overs. I have prescription-abuse induced insomnia since 1994. I tried everything. MyPillow is amazing. The first night I had 7 hours of uninterrupted sleep! This hasn't happened in 22 years. Not every night has been great, but I have had more good nights' sleep in the past 8 weeks than in the past 20 years. I owe you. I am promoting you, your company and your product. Jay G.

**Just wanted to send you a small note to say "thank you".** Mike was right when he said this is the best pillow I will own. You don't have to worry about ever getting this back. Edward K.

**A couple of years back, my wife wanted me to buy a "MyPillow."** I told her that it was just an overrated, high-priced pillow. My wife has been having headaches for many years, all day long. I broke down and bought the pillows a little over a month ago. Today she told me that since she has been using the "MyPillow," her headaches have not returned. I just wanted to let you know that "MyPillow" was a Godsend. Thank you very much. I would recommend "MyPillow" to everyone I know. Charles and Edna M.

**I just have to tell you how impressed I am with MyPillow.** I ordered mine recently because I read that they helped people with sleep apnea. To be honest, I thought "isn't a pillow just a pillow." Well, yours are amazing! With my old pillows, I had to sort of sleep with my face hanging off the edge of the pillow because of my CPAP mask. If I didn't do that, the pillow would press against the mask and produce air leaks, which were noisy and you couldn't sleep through that! With MyPillow, I actually can put my head in the middle of the pillow like a normal person and SLEEP!! Also, beyond the pillow working with my CPAP mask, I'm sleeping better. My right trap muscle hasn't ached since I got your pillows, and that area has hurt for years despite my massage and chiropractor treatments! I also sleep more soundly than I did before. God bless you for your pillows! They're simply amazing! Carol A.

**Purchased two pillows from QVC - best pillows I ever bought,** I just love the way you can adjust them to give you the proper support, and I can get a good night's sleep. Thank you, Mike, for inventing the best pillow ever. Linda G.

**Just wanted Mike to know that his MYPILLOW is, in fact, the best pillow I have owned and slept on in the 77 years of my using a pillow!** It is the first pillow I have ever owned that actually does all the things that Mike says in his commercial, PLUS the fact it can be cleaned in my washer and dried in my dryer! Numbness in hands and arms gone, aches and pains in neck and shoulders diminished, my sleep is much better since with MYPILLOW I don't have to keep tossing around and reshaping my old pillows that would flatten out, which disturbed my CPAP, thus waking me up! Thanks to Mike for inventing MYPILLOW---keep up the good work!! Gary G.

**I would like to complain about the MyPillows I purchased** for my wife and me!! Someone should have warned us about them - we have been late for work for the past two days because we have overslept. Wow, they are fantastic. I am a man who has suffered from insomnia for over 30 years. I can finally go to bed and fall asleep - it's amazing. We received our pillows last Friday and I can honestly say that I have gone to bed every night since and do not remember anything but turning the TV off. Gone are the nights of misery, praying I can fall asleep. I literally hit the pillow and boom - sound asleep. My wife is amazed. Please warn all your customers - you should include an alarm clock with every purchase! I'm 53 years old and never owned an alarm clock - I told the wife to pick one up today. Thank you! Paul F.

**I am a licensed massage therapist, and we use the MyPillow** and have recommended them to many of our clients. I also purchased one for myself. Before MyPillow, I would rotate pillows every week. We have MANY pillows in our home. Yours is the only pillow I have been satisfied with long term. My only complaint is that I need a travel size! We've been so spoiled that I cannot sleep on a traditional pillow anymore! I believe you're missing an incredible market! Just planting a seed! Raejean P. (From MyPillow: your wish is granted - we do have travel pillows - see MyPillow MyTravel Pillows. )

**I decided to purchase MyPillow at Bed Bath and Beyond as I heard so much about them and it was on sale.** I've had neck pain for quite a while now, and this was my last hope short of surgery. I had been doing neck stretches with little success. I absolutely LOVE this pillow. I liked it so much that 3 days later I went back and purchased a second one. I have only been using the pillow for less than a week, and already my neck pain has been cut in half. I would recommend this pillow to my friends. In fact, I already have. They are well worth the price. I love MyPillow. Carol F.

**This is not an issue, question or complaint.** I just wanted to state my feelings about this product that I just purchased. I had the opportunity to sleep on it last night, and I cannot believe how good I feel today. I have had back, neck, and head aches for some time. I had to use two pillows to get the support that I need during sleep. I suffer from sleep apnea and this is the first time that I slept completely and soundly throughout the night. Even my wife who does not like sleeping on pillows said that we do not need to use two pillows anymore. I agree. I had to see for myself and I am glad that I did. This is a great product and if you follow the directions, it will serve you well from night one. Thanks much!! Christopher S.
