JUSURU Liquid BioCell

While there are a lot of excellent products on the market, every now and then, there is an outstanding product and Jusuru Liquid BioCell Blend is one of them. Liquid BioCell holds 7 national and international patents, documented research and testimonies to the effectiveness of this product. Jusuru has been featured on several media outlets such as: Good Morning America, Fox News, NBC, CNN, ABC and more. It is a delicious unique blend of 13 anti-oxidant fruit juices as well as hydrolyzed collagen, hyaluronic acid and chondroitin sulfate. Jusuru Liquid BioCell has been clinically proven to: Increase Energy, Rebuild Cartilage, Reduce Inflammation, Regrow Hair, Reduce Scar Tissue, Hydrate Discs, Develop & Maintain Strong Bone Density, Strengthens Teeth & Gums, Repairs Tissue (tendons & ligaments), Relieve Joint Discomfort and much more.

Based upon testimony, customers have experience: increased energy, weight loss, hair growth, reduction and elimination of aches and pains, reduction and elimination of inflammation and swelling (especially from arthritis), acne and skin problems improving, wrinkle reduction, improvement in gum health, improvement in heart conditions, no more cracking knees, reduction and elimination of back pain, fingers straightening out from rheumatoid arthritis, reduction and elimination of foot pain and much more.

Jusuru Liquid BioCell ingredients and their properties:

- Hyaluronic Acid (HA) ~ has hydrating and regenerative properties to remove wrinkles and tighten sagging skin, to protect the cartilage between the joints, increase mobility of the joints, stimulating immune responses.
- Chondroitin sulfate ~ involved in the building and repair of ligaments, cartilage and tendons along the joints, improving the lubricating and cushioning fluids in the joints.
- Hydrolyzed collagen ~ wound healing, skin toning and thickening, joint rebuilding, arterial strengthening, increased energy and organ rebuilding, promotes connective tissue flexibility and keeps bones strong, assists in weight loss.
- Resveratrol ~ is found in the skin of red grape. Studies revealed a number of health-promoting properties such as antioxidant, anti-inflammatory, and beneficial cardiovascular effects.
- Pomegranate ~ heart health, anti-aging, blood pressure, reduce arterial plaque.
- Mangosteen ~ strengthens the immune system, promotes joint and cartilage function, blood pressure, anxiety, pain, anti-inflammatory, skin health.
- Acai ~ promotes weight loss, anti-inflammatory, lower cholesterol, cardio-protective benefits, promotes healthy skin, anti-aging, energy, cellular protection.
- Jujube ~ improve muscular strength, increase stamina, internal inflammation, relieve anxiety, tonic to strengthen liver function,
- Lycium (Goji Berry) ~ initiates the production of new cells and reduces the rate of old cell dying thus promoting anti-aging, diabetes, high blood pressure, fever, and age-related eye problems.
- Nopal ~ blood sugar regulating, fights cholesterol, reduces inflammation and keep plaques from forming, helps maintain bowel regularity, helps balance the pH of the stomach and soothes the stomach lining. Tests have shown that Nopal stimulates the healing of stomach ulcers and reduces stomach inflammation.
- Maqui ~ energy, appetite suppressant, weight loss, anti-aging, anti-cancer, anti-inflammatory, immune system

- Noni ~ helps to normalize blood and sugar levels, digestion aid, treatment for intestinal parasites, respiratory, problems, depression and anxiety, helping the body to relieve stress.

- Also contains: Blueberry, Red Grape, Strawberry, Apple and cranberry juices

What Jusuru Liquid BioCell has shown to improve:

Joints ~ clinical trials show improvement in joint mobility, reduces stiffness and discomfort, helps rebuild cartilage and connective tissue and promotes joint lubrication. **Heart** ~ resveratrol, which comes from the skin of red grapes has powerful anti-inflammatory and cardiovascular health benefits.

Eyes ~ vitreous humor is the term for the fluid in the eye, which can break down due to aging or eye injury. The Hyaluronic Acid (HA) is often used for possible restoration of the vitreous humor and elevates HA levels in the bloodstream. **Hair** ~ the skin benefits of Liquid BioCell can be applied to hair health because the scalp is identical to the skin except that it also contains hair follicles that produce hair. The HA and collagen of Liquid BioCell help nourish and hydrate the dermal layers of the scalp for healthy, lustrous hair. **Nails** ~ Fingernails and toenails are made of the same building block as hair, keratin. Liquid BioCell can increase the level of amino acids in the blood, aiding keratin production, which promotes the growth of strong, healthy nails. **Gums & Teeth** ~ Gums are integral to tooth health. Liquid BioCell's unique form of collagen and HA can help support the healthy shaping of gums and can also strengthen the gingival fibers that attach the teeth.
