**BIOCELL COLLAGEN SKIN REJUVENATION TESTIMONIALS**

**Energy – Glowing Skin**

Melissa B. - Palm Beach Gardens, FL

"Jusuru has impacted me greatly!!! As a 29 year-old with no joint issues, I was amazed that the product has actually helped me.. My energy levels have doubled. My beginning wrinkles are gone .and my skin has a glow that has never been there."

**Exercise Flexibility**

Gina E. - Lehigh Acres, FL

"Jusuru has changed my whole thought process. I signed up for personal benefits. I was introduced to Jusuru by my daughter-in-law and son., My customers asked about my skin and my exercise sessions were easier. I had more flexibility, younger-feeling skin and not only that, younger looking skin! Thank you Jusuru! I am sixty going on sixteen.

**Eyebrows Regenerated**

Myra A. - Palm Beach Gardens, FL "Having had my thyroid removed in 2001, the side-effect was losing my eyebrows from the center out, and now somehow they are slowly growing back since I have been taking Jusuru. I have also noticed rehydration of my skin creating a less-wrinkled effect. "

**Halts Appearance of Skin Aging:**

NELSON LEE NOVICK, MD, FAPC, FAAD, NEW YORK CITY, NY- ASSOCIATE CLINICAL PROFESSOR OF DERMATOLOGY AT MOUNT SINAI SCHOOL OF MEDICINE, DERMATOLOGY CLINIC CHIEF AT MOUNT SINAI MEDICAL CENTER, author of hundreds of articles and numerous books on skin care and cosmetic skin surgery.

No skincare regimen would be truly complete without efforts to rejuvenate the skin from the inside out. BioCell Collagen II provides the only natural and bioavailable source of HA and collagen to maintain skin moisture and elasticity as well as chondroitin sulfate to rebuild cartilage. Collagen and Hyaluronic Acid are equally vital in maintaining skin tone, suppleness and elasticity and for retaining moisture in the skin. Resupplying the raw materials for the skin to optimally produce its own collagen and HA becomes essential for maintaining structure and slowing down the pathways of aging. I recommend daily oral supplementation with BioCell Collagen II to nourish the skin from the inside out where topical applications cannot reach. This complex concentrated matrix of elements, formerly only available to plastic surgeons as injectable drugs halts the appearance of skin aging.

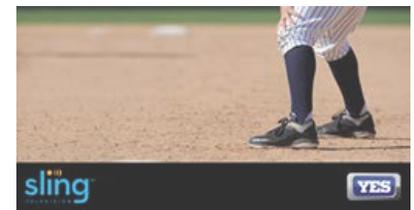

**Psoriasis – Dry Skin**

CLAUDIA FORD-WEST PALM BEACH, FL

Biocell Collagen has completely changed the quality of my life. For a decade I have had psoriasis and extremely dry skin all over my hands and arms with large inch diameter red blotches. I am very fair skinned and have sun damage, lines and wrinkles, dark spots on my face and had very dry skin. I have been taking Biocell Collagen for 6 months and have had very positive results. The psoriasis, very dry skin and red blotches have disappeared—no other product helped me at all in the past decade. The skin on my face has really been transformed—the lines and wrinkles are diminished, sun damage has been lessened, dry skin improved dramatically and dark spots are barely visible. This product has changed my life—I am not embarrassed to go out or to wear sleeveless dresses or clothing or go to the beach—living in Florida was difficult because I always had to cover up.

**Rejuvenation - Internal**

KATIE SCHAEFER. CLINICAL AESTHETICIAN FOR DR. GARTH FISHER world -renowned Beverly Hills Plastic Surgeon. Dr. Fisher has been honored as one of the top plastic surgeons in the United States In Best Doctors in America, listed annually in the Castle Connolly directory of America's foremost surgeons, voted one of the best plastic surgeons in Los Angeles,

listed as one of the best doctors for facelift procedures in the United States, and appears in Marquis' Who's Who in Medicine and Healthcare. Ms. Schaefer has twenty years of experience in the wellness, beauty and fitness industry. She has instituted JUSURU as an important part of the beauty regimen and skincare program for her clients. Her overall approach to healthy skin includes internal rejuvenation to not only improve the condition of the skin but in so doing, to improve the quality of life. Ms. Schaefer also gives each client JUSURU to drink after their treatments.

#### Scars

Stephanie V. - Oviedo, FL

"The results I have seen from taking Jusuru Life Blend are as follows: the appearance of scars on my jaw is disappearing, the lines between my eyebrows are also disappearing and my skin has improved overall and is more balanced."

#### Scar

David C. - Tujunga, CA

"I wasn't looking for any specific result when I began taking Jusuru, but I noticed that after several months on the product, the appearance of a scar that I have had on my forehead for several years had all but disappeared! I hadn't seen my mother in several months and she noticed right away! "

#### Skin – Cellulite

Monika B. - Naples, FL

"I have been drinking and promoting Jusuru for two months now. I am 46 years-old and I can see that my skin is softer and I seem to have less wrinkles. I have also noticed that the back of my legs have less cellulite, less dimples (which is wonderful since it is kind of a pet peeve of mine) and I can't wait to see what happens in the future since I don't feel like I am aging anymore! "

#### Skin - Loose Wrinkled

CHRISTINE MANCINI –FLORIDA

I am a skeptic and don't believe anything until I see results for myself. I really see a definite dramatic tightening of my neck which was sagging, with loose and wrinkled skin. Now it is completely changed. The deep lines on my face and around my eyes and mouth are filling in. I never left my house without make-up but now I can because the color of my skin is really healthy and vibrant looking. People are asking me what I do to my face-what work I had done to make me look so different.

#### Skin Soft & Supple

Lauren G. - Delray Beach, FL "I have been taking Jusuru Life Blend for only two weeks and I can already see a difference in my skin. It is softer and more supple and I'm excited to see what happens after 28 days. I am a yoga teacher and an avid practitioner, as well as a dancer. I'm excited about the benefits of Jusuru for my joints! "

#### Skin Discoloration

Amy B. - Palm Beach Gardens, FL

"As a result of my two pregnancies, the skin on my face had developed discoloration. Jusuru has helped to significantly fade these dark spots, and has lessened the lines around my eyes. "

#### Skin Elasticity

Joanna S. - Fort Myers, FL

"The most obvious change I have noticed since I began my Jusuru regimen has been in my skin with more elasticity and a younger appearance of my hands and face."

#### Stretch Marks

Angela C. - Tujunga, CA

"After the birth of my first child I was very self-conscious about my stretch marks and after a few months on Jusuru Life Blend, my girlfriends and I had a pool party and they all commented on how the skin on my stomach was firming up and they could barely notice any of the stretch marks! I now take Jusuru everyday and I look and feel better because of it. "

#### Sun Spots

Aida B. - West Palm Beach, FL

"I love the improvement I see in my skin and hair. My skin is clear and the dark sun spots have gone away!"

#### Surgery Recovery

Stacey F - Tampa, Florida

"I was going to have surgery in about a month and having a surgery as intensive as the one I was undertaking made me expect to have significant swelling, bruising, stretch marks, discomfort and scarring. I started taking Jusuru a month prior to the surgery and went through the procedure with no complications. My recovery from surgery was supposed to be 4-5 days, however, I was up and about after 2 days. The swelling was very minimal, and there was no bruising or stretched skin at all. Since surgery, I have continued to take 2 ounces twice daily. I've received many compliments on how youthful my skin appears over the last month - and my surgery had NOTHING to do with my skin! "

#### Wrinkles

John S. - Grand Rapids, MI

"I have been taking Jusuru for six weeks at 2 ounces twice per day and the wrinkles on my face are smoothing out. Also, so are the lines on my forehead. I am interested in telling others about Jusuru! "

#### Wrinkles

Kathy P. - Tampa, FL

"I was attracted to the Jusuru product for the vanity reasons of wrinkles, and I was excited when my dry and flaky skin became soft and supple in just a few weeks. But I am also happy to report that the joint discomfort is gone in my hips."

There are now thousands of users of Biocell Collagen who are experiencing relief from pain, stiffness and swelling of their joints as well as rejuvenation of sagging, dry and wrinkled skin to smooth youthful looking skin and doctors can see these results as well. These testimonials are presented for informational purposes only and are not intended to be a substitute for visits to a physician.

#### Absorption

DR. WILLIAM JUDY- SENIOR SCIENTIST AT SIBR RESEARCH

Ground breaking research emphasizes why Liquid Biocell Collagen is a unique and superior ingredient. The combination of collagen and HA works synergistically together in the body to promote absorption and moves quickly from the blood stream to the tissues and begins functioning

#### Accident – Back Discomfort

NINA LAZZARA- DELARY, FLORIDA -USER FOR 5 WEEKS

I originally started to use Liquid Biocell Collagen to rejuvenate my skin and at this point, my skin is now more supple and hydrated, softer and smoother. I did not even think about it helping the pain in my lower back or the pain from herniated discs in my upper back, which were caused by multiple car accidents. I went to a massage therapist once a week for the past 3 years to try to relieve the pain in my upper and lower back. I truly believed that I needed to go to the massage therapist for medical/therapeutic reasons and that if I stopped going I would be in more pain and it would have been even more difficult to control the pain. Now, all of a sudden, I do not feel any pain whatsoever. I do not have any soreness, stiffness or throbbing pain—it's all gone and it feels as if I had never had any pain for all those years. I am no longer lying in bed with a heating pad. It has changed my outlook on life - I am not worried that if I do anything, like exercising, I will be in pain. I now have freedom to do whatever I want.

#### Accident – Broken Neck

RITA FREDERICKS

I have been using Biocell Collagen for 5 months and would like to tell you about the positive results I have had. In 1992 I was in a car accident and broke my neck. Surgery performed fused bone to my neck and rods were implanted which left me with a scar from my neck down my back. I was put on every possible medication but none worked to relieve the pain I have had. Many of the medications I had to stop taking because of the terrible side effects. I have been told any future surgeries would not guarantee relief of my pain and swelling. I started to use Biocell Collagen because I had heard that it helped others and was hoping that it would help me--and it has more

than just helped:

--I can now sleep through the night -was unable to prior because of the pain I had

--swelling has been greatly reduced

--I wore a brace for 6 years and now never need to wear it

--I can now pick up and hold my grandchildren

--I was not able to sit in one position for more than a few minutes because it was so painful and now I can sit through a whole dinner and never have to move.

Arthritis

KRISTY COCOZZA - HEALTH PRACTITIONER, CME, PARAMEDICAL AESTHETICIAN AND OWNER OF SKINPLICITY RX, DELRAY BEACH, FL. After seeing the incredible results of how Liquid Biocell Collagen worked for a friend of mine, both on her skin and joints, I decided to give it a try especially since arthritis runs in my family. I have had arthritis in the fingers of both hands for twenty years with pain, swelling, and stiffness especially in the morning. After using the product for 5 weeks, I now have no pain or stiffness in any of my fingers even when I first wake up. I always had to massage my fingers every morning to relieve the pain and stiffness. Also I have had pain and swelling in both of my knees for 30 years, and my left knee was operated on about 6 years ago. At that time, I was told by my orthopedist that I will need double knee replacements. After being on the product for 6 weeks, in my left knee in particular, I have no more pain, stiffness or inflexibility. I am happy to say that I now am a loyal consumer of Jusuru, and share it with all my family, friends, and clients.

Arthritis – Hamstring Injury

JEFF MORAN- MASSACHUSETTS-USER FOR 2 MONTHS

I have had a hamstring injury for years with severe pain on my entire left side up leg to lower back and now all the pain is gone. I have had arthritis and now have 80 % improvement in hand and fingers –no pain or swelling and can use my fingers for first time in five years. I did not think there would be changes to my facial skin but it is really starting to change. The vertical lines are disappearing over my upper lips-was a smoker, now have a healthy color-less sallow, the crow's feet around my eyes are disappearing, and the lines from nose to mouth are filling in. No more hair is falling out in shower and I really have a lot more energy.

Best Rated Product

RICHARD TATALOVICH - NUTRITIONAL PRODUCTS INDUSTRY EXPERT PHOENIX, AZ

I have owned businesses in the nutrition industry for the last 37 years, including health food stores, wholesale distribution companies, as well as manufacturing companies that manufactured my own lines of nutritional supplements. Over all of these years in this industry, I've become familiar with thousands of different products. Occasionally, someone will ask me what the best product that I've ever sold is. My unequivocal answer is: the Biocell Collagen Type II in the Jusuru Life Blend drink and the reasons why I feel that it is the best: it provides incredible results, for almost everyone that uses it, and in most cases, it does this in a relatively short period of time. I personally have benefited greatly from it, as well as have countless family members, friends, and customers.

Discomfort - Herniated Disc; Bone on Bone

LORI

I have had a herniated disc and bone on bone for 10 years as a result of a car accident and confirmed by x-rays and MRI. I refused to take prescription medications because of serious side effects so I was really forced to take over the counter pain meds every day knowing they were damaging my internal organs. Since I have been taking Biocell Collagen I can now sit for longer periods of time when I use my computer and I can now sleep on my stomach all without pain –this is first time in years. The skin on my forehead was discolored with brown patches for years and it is now 50% less visible. In the past, I have had hair fall out in the drain of my shower and hair tangled in my hairbrush and now I have had almost no hair falling out or in my brush.

Discomfort - Knee

MICHAEL PONTE

I have been using Liquid Biocell Collagen for six weeks. I am a tree surgeon and have had multiple operations in my knee, elbow and both shoulders and have always experienced pain in those areas. Even though I have had therapy for years, it never got rid of my daily and night pain. Now I can report that I have no pain in any of these areas. Biocell Collagen has also given me tremendous energy and I do not need as much sleep.

Discomfort - Knee & Leg

AUDREY CONTENTE -HEATH PROFESSIONAL

I have been in the health care industry for 25 years creating, developing and clinically testing new kinds of health technology, have been granted 40 patents, and founded a public company that manufactured medical devices and drug delivery systems. Now that I see how Biocell Collagen has helped me, I would like to share my personal experience with you. For more than a decade, I have suffered from a swollen and painful right knee and pain in my entire leg as a result of breaking my leg while skiing--all bones from the knee to ankle. This ended my ability to continue as a triathlete and do what I love most: long distance running, swimming and biking. Nothing helped -other than take powerful pain and anti-inflammatory medications, which I have rejected, and spending my life in rehab-no way-and nothing helped. Now for the first time in years, I can run every day and do not have any swelling, pain or cramping in my knee and leg. I cannot express enough how happy I am that I was open to trying Biocell Collagen even though I was not sure it could help me. It has given me a whole new lease on life.

Joint & Skin Health

DR. LOUIS BRADY- ORLANDO, FL, ORTHOPEDIC SURGEON AND DEVELOPER OF THE HIP REPLACEMENT SURGERY:

I have been using and promoting alternative health products for most of my career; I have now added Liquid Biocell Collagen (Jusuru) to my healthy lifestyle and diet. Of the many products I've been using, both dietary supplements and medical prescriptions, none have come close to helping joint problems in the way that Biocell Collagen has. The three primary components, BioCell Collagen II, resveratrol, and antioxidants from fruits, have helped my patients help those with joint health concerns expeditiously, restore skin health, and heal faster from skin wounds.

I emphatically believe that Liquid Biocell Collagen is a scientifically and clinically proven product that restores and protects joints, promotes heart health, and improves one's skin. It is perfect at any age, and a must for anyone over the age of 40. My patients, colleagues, and family use it as it is safe, all-natural, and effective.

Joint Health

DR. JOE FERRARA - LOS ANGELES, CA

Jusuru Life Blend is a very effective supplement for those suffering from achy joints. Jusuru's powerful antioxidants, patented BioCell Collagen II, resveratrol, and essential fatty acids make it the ideal liquid nutraceutical for the entire family. Most people do not eat a healthy diet and therefore, are deficient in key nutrients. Many of my clients do not like taking pills. Jusuru Life Blend is the perfect supplement for delivering powerful antioxidants necessary for healthy aging. Add Jusuru's patented BioCell Collagen II, and essential fatty acids and you have all you need for active joints and healthy aging.

.

Joint Health

REPORT OF RESULTS SEEN BY HEALTH PRACTITIONER KRISTY COCOZZA - CME, PARAMEDICAL AESTHETICIAN AND OWNER OF SKINPLICITY RX

I would like to tell you about a client of mine who I have known for almost 2 years. Her name is Audrey Contente and she came to me initially for facials and subsequently massage because she had so much pain in her left thumb and her right leg. She presented with all the symptoms of arthritis: her left thumb and thumb joint/hand was very painful to the touch, she had nodules protruding through the skin, bone was swollen and thickened, and her range of motion was so minimal she could barely move her thumb. Massage did not work because any pressure caused her intense pain. Therefore since I am a certified and licensed practitioner of Microcurrent Therapy I used the modality to address her issues which helped for about 1 week after each

treatment, but as soon as she stopped treatments because of the expense, her symptoms returned. I know Audrey has been taking liquid Biocell Collagen for 3 months and I can report that she now has free range of motion in her thumb, the nodules have disappeared, the bone is normal size and she has no pain on movement or to the touch. She also suffered from a swollen and painful right knee as a result of a breaking her leg and the knee was twice the size of her left. I can report now that the swelling is gone and her right knee is same size as her left. I can say that in the decades of my practice, I have not seen any product that could have such a dramatic effect. As a result, I am now a user of liquid Biocell Collagen and recommend that all my clients use it- those who have all kinds of joint problems.

Joint Health

BRANDY BEESLEY - VENTURA, CA

Being a skeptical person I was very unsure if Jusuru could provide me with younger looking skin and active joints. After only four weeks Jusuru has not only met, but exceeded my expectations! It has been the ONLY thing that has enabled me to participate in physical activities again, activities that my back problems had prevented me from doing for the past six years. Plus, my skin has never felt better! Jusuru is truly an amazing product!

Joint Health

ROBERT FERGUSON, M.S., C.N. AUTHOR AND AMERICA'S FAT LOSS COACH™

My wife and I both use Jusuru. Its key ingredient, BioCell Collagen II, is revolutionary, and I am pleased to report that my professional opinion concurs with your assertion that Jusuru can be an asset for anyone wanting active joints.

Joint Health

Stephanie S. - Newton, MA

I started taking Jusuru after I got a stress fracture in my hip. I have seen a huge difference in my joint discomfort, but I have also seen an incredible difference in my skin. People who I have not seen in a while comment on how radiant my skin looks, even in the bitter-cold New England winter. It feels great to look in the mirror! "

Joint Health - Runner

STACY HAWKINS, DC LICENSED CHIROPRACTORS - ROCKPORT, TX

My husband Brad and I are both chiropractors. We have been practicing for the last fifteen years and we have a thriving business in Rockport, Texas. Not only do I have 35 units of college chemistry, but I have always been interested in health and nutrition, and I have post-graduate courses in Neurology with a Certification in Nutrition. When I heard about Jusuru, I was so impressed with the science of the product that I couldn't wait for it to arrive. We wanted to see results for ourselves. I am a runner, and my husband was an avid runner, until he became debilitated and at one point had to walk with a cane. He had exhausted every avenue of treatment and the next avenue open would be surgery. I am so excited to report that my husband, after about a month on the product, is now back to running. My own running time has improved, my joints feel amazing! Jusuru is the only product that we added to our regimen to get these incredible results. Of course we had to start telling all of those people we know about Jusuru. Our patients, friends and family are now beginning to see the phenomenal benefits of Jusuru.

Joint & Skin Health

GEORGIE HOLBROOK- NATIONAL HOLISTIC HEALTH EDUCATOR  
HOUSTON, TX

I've been a health educator for 20 years, and though I've tried many products for my skin and joints, I seldom noticed much difference, if any. But by the third bottle of Jusuru, I could see the improvement in my skin and was pleasantly surprised with the effect it had on my joints. After decades of experience, I can certainly say that Jusuru is not just another product.

Periodontal & Joint Issues

Dee H. - Bonita Springs, FL

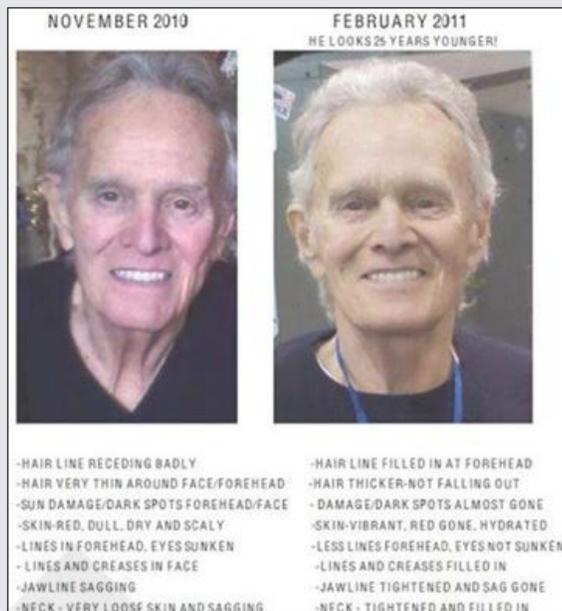

"I have seen an amazing difference after three months of drinking Jusuru. I don't notice my issues in my joints anymore. I am able to do exercises that I haven't done recently. My periodontal issues have improved and people

notice that my skin is younger looking.

Polymyalgia

GRANDMOTHER

I have had polymyalgia –inflammation and arthritis in my entire body. After taking Biocell Collagen for 4 months, I experienced the following: no more pain in my joints all over my body—I am now pain free and stopped all my prescription pain medications.
