

# RESERVE™ saved

## Andrew's leg!

A consumer of Reserve™ he is relieved to have saved his right leg, in light of the fact that the surgeons wanted to amputate it all the way up to the knee cap.

knee cap.

Andrew had a few weeks left from a scheduled amputation of his right foot. He was introduced to take RESERVE™ to see if it can help to reverse the bad medical condition while waiting for the date to come.

He had now declined the amputation after the swelling subsided and the infestation is gradually recovering. No one can believe it.

Many are calling it a miracle, especially when the doctors told him that an amputation was the only remedy. As for his overall health...his health imA diabetic patient.prove definitely.

### A Diabetic Patient

Needed 2 shots of insulin per day. Without good reading for blood sugar was 14.0.

After food was 30.0. After consuming RESERVE™ and PROPECTIN, his sugar level went down before food to 8.0 in 3 days!

RESERVE Cured Gangrenous Fingers!

### RESERVE™ Cured Gangrenous Fingers!

The picture shows how a Diabetes patient in Taiwan was told to come back for amputation appointment on her Gangrene finger nine days later.

She started to feel an acute pain on the 3rd of drinking the Reserve fruit blend (75mg of Resveratrol) in each 30ml gel packs).

It was so painful that she called her doctor and requested him to amputate her finger straight away instead of waiting for another few more days for the next appointment.

After listening to her explanation, her doctor congratulated her for regaining a healthy blood flow to her finger. He told her she DO NOT NEED to amputate her finger anymore but just revisit for re-examination few days later.

A diabetic patient had gangrene of the finger. She was scheduled to amputate the finger in 9 days. She started taking 2-3 packs of RESERVE™ daily, and experienced acute pain in her finger by the third day. She could not bear the pain and requested her doctor to amputate her finger straight away. To her surprise, her doctor congratulated her as she had regained blood flow to her finger and did not need to amputate it.

### Prostate Cancer Patient

Mr. Tan was a Stage 4 prostate cancer patient. At 77, and with the cancer having spread to his bones, the doctor said that he was too old and weak to undergo chemotherapy. He was given only 6 months to live.

Mr. Tan's daughter, Alice, was desperate to find something to

help her father. One day, a friend told her about **RESERVE™** and how its key ingredient, resveratrol, can help fight cancer. After reading-up on resveratrol, Alice was eager to try **RESERVE™** on her father. Alice was living in Australia, while her father lived in Malaysia, and **RESERVE™** had just been launched by Jeunesse in the US market.

Thankfully, Jeunesse adopts a global approach to its business and despite **RESERVE™** not being available in Australia or Malaysia at that time, Alice was still able to create an account with Jeunesse on-line, order **RESERVE™** and have it shipped to her father in Malaysia from out of the United States.

Today, thanks to **RESERVE™**, Mr. Tan is cancer-free and enjoying life as a healthy man. The test results below show decreases over time in his cancer markers (PSA or prostate-specific antigen), after he started taking **RESERVE™**. PSA is a protein produced by prostate gland cells. PSA is found in high levels in men with prostate cancer and is used to monitor the progression of prostate cancer.

**Breast And Lung Cancer Patient**

80 year old, Breast and lung cancer patient with other infections and complications.

It warmed my heart to know that she benefited from Reserve and AM/PM, when hospital unplugged support, stop medicine and send her home with 3-4 hour left to go.

Thank you Bonnie Seow and ACES family for the support.

Thank you Paul Lim for your generous donation.

Thank you Jeunesse Global.

## Resveratrol

- Another study found that Resveratrol reduced acne by about 54% after only 30 days  
(According to a Cellular Aging (Senescence) System (SAS) published in the American Journal of Clinical Dermatology in 2011)
- Another study showed the more Resveratrol you take (dose related increase), the greater the increase in skin cell growth and decrease in the breaking down of collagen.  
(2010, pp.455-460, 2011) (2) Study also in vitro assessments of its protective of succinate in production and release of collagen which promotes cell and matrix biosynthesis. Pineda, 2011)

### Multiple Sclerosis Patient

I have multiple sclerosis for 13 years. Over these years I have many attacks causing me to be paralyzed, wheelchair-bound, blind on one eye & multiple disabilities. In May 2011, I went for chemo treatment to stabilize my condition. After the treatment, I was weak & frail.

During that time, I was introduced to Jeunesse Global, I wasn't expecting much thinking that it was just another product. Surprising, I started to have more energy, get stronger & recover faster!

My walking and bladder control are back to normal & damaged brain tissues have fully recovered. I decided to share the products & opportunity to everyone. Today Jeunesse have given me & my dad back our health, my wife & mum became prettier & younger

and also passive income into my bank account everyday. Thank You **RESERVE™** and Jeunesse Global !!! — Alvin Phua

**RESERVE™ & Luminesce Improve My Life !!!**

Less than 2 months, I managed to shed 4kg without the hassle to pop pills or replace my meals with protein shakes! I love the Reserve gel packs  
 Reserve gel packs are convenient to carry about & they taste so good! Even my kids love them! I used to have sleeping problems until I was introduced to Jeunesse's Nutrigen AM.PM supplements!

I am thankful that this CAMS (Cellular Age Management System) products have enabled me to sleep like a baby!  
 I also love the Luminesce range of product especially the cellular rejuvenation serum! Myskin is getting smoother, radiant and I can feel I am looking and feeling younger! People couldn't believe I'm a mother of two boys aged 8 and 10! I am a very happy and satisfied customer of Juenesse awesome products!

**Fibromyalgia?**  
*This is what Reserve has done for me!*

I was diagnosed with fibromyalgia 5 years ago. I have struggled daily with pain, depression, and feeling incredibly drained! I take medications daily with little to no relief. I have tried **MANY** supplements and diet changes and had yet to find anything to help. I happened to be in a flare when I received my products and tried Reserve. After day 2 my pain level dropped significantly and I felt better than I have in years! It hasn't cured me but it is such a blessing for me to finally have days that I actually feel "normal"! I truly believe in Reserve!! I tell **EVERYONE** about it! (My favorite supplement)

**-Nadia Hulsey Glisson, Hot Springs, AR**

\*Reserve is not a cure for Fibromyalgia and may not relieve pain for you in the way it has for Nadia, as everyone reacts differently to supplements.
