## RESERVE —

Formulated to provide you with all the protection you need, this delicious and nutritious gel will infuse your body with youthful vitality and a feeling of overall good health. RESERVE'S™ superstar ingredient, resveratrol, is accompanied by a supporting cast of other powerful antioxidants like açai, pomegranate, blueberry, dark sweet cherry, aloe vera, grapeseed, and green tea.

Many diabetic patients have experienced vast improvement in their conditions that they have not encountered before.

A diabetic patient had gangrene on the finger and she was scheduled to have it amputated in 9 days. She started taking 2-3 packs of RESERVE™ every day, and surprisingly experienced acute pain in her finger by the third day. Find the pain unbearable, she requested her doctor to carry out the amputation right away.

Her doctor congratulated her because what actually happened was that she had regained blood flow to her finger and needed no amputation.

This is case study of how a diabetic wound healed within 7 days.

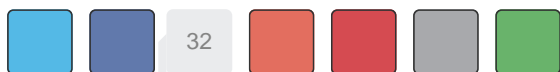

The man consumed RESERVE™ and also applied the LUMINESCE™ Cellular Rejuvenation Serum to the wound on his leg.

It dried up in 3 days, and healed within 7 days.
