Three years ago I picked up my Nerium Lexus. I earned the car bonus in less than 90 days and was thrilled to get a new car that has now been paid for every month for the last three years! Today it was time for an upgrade. Thank you [John Keaton](#) and Sewell Lexus Fort Worth for great service. I had never been a part of a company where you could earn a car bonus - it's been a fun ride with Nerium!
