I have been in serious physical pain for the last 15 years from the waist down. The most recent MRI on my lumbar spine showed that I have severe arthritis and the need for surgery on my lower back. The pain had been so bad that a trip to the grocery store could only take a maximum of twenty minutes, or I had to be out of there and off my feet. Since consistently taking **EXO** and **MIN** for the last 60 days my back pain is greatly reduced, if not gone most days!! What a Blessing!!! Like my friends and family, I've spent hundreds on health supplements over the years to feel better. All were high quality nutrition, but in pill form, and now I wonder just how much my body was truly absorbing judging by the wonderful response I've had with **Agel EXO** and **MIN**.

**Agel Exo:** I am going on 35 years old and have noticed that as I get older it takes my body longer to heal. I am amazed at how fast my one year old son heals from his cuts and scrapes. I have been taking the **Agel EXO** once or twice a day for the last three weeks and have noticed that my minor cuts and scrapes are healing in 2-3 days instead of a week or longer. They scab over quickly and the skin heals over much faster that it use to.

**Agel Fit:** I have also been taking the Agel Fit product for the past few weeks. I have noticed that it really works well to curb my appetite. Sometimes so well that I forget to eat lunch! It also helps me through the afternoon blahs and keeps me going between meals.

Update: I usually get 2-3 colds during the change of seasons, but since I began taking EXO about 7 months ago I haven't gotten a cold.

I have been testing out **Agel FIT**. I noticed that taking one curbs my appetite and if I take two at the same time I don't feel hunger for hours. I am surprised it works so well. My wife and I are both taking two packets of **Agel FIT** every morning when we get up. We are losing weight and my wife just commented this morning that her pants are fitting more loosely.

Our kids love the **EXO** and it is disappearing fast.

Now this is what I've been looking for. Twelve and 1/2 pounds in just three weeks! I have so much energy I can't sit still. I just need to do something all the time. So which one is giving me this great feeling of energy that I have? **FIT** or **EXO**?

- Mike O, Missouri, USA

I've been taking the Agel Gels for 3 weeks now and all I can say is that I have this almost constant craving for **EXO**. I could eat a bowl of it every day! I love it. A friend of mine just returned from Brazil and he called and said he discovered a wild berry there called Acai. He said he ate a bowl of fresh Acai Berries every day and fell in love with it. I told him that the Acai Berry is in **Agel EXO** and he went nuts. He's on his way over to get a bunch of **EXO** gel packs from me. I just feel good and healthy each time I enjoy **EXO**.

I love **Agel FIT** frozen. That's right, **FROZEN!** There is no question that it curbs my appetite. I'm in pretty good shape already, so I see this as an easy way to maintain my weight. So far it's working great!

About a month ago, I began to take the Agel products. Just the other day, I fell down in

*a parking lot and scraped up my hands, arms and a knee. I can't believe how quickly I am healing up. The smaller abrasions are just about gone - in two days! I usually take forever to heal. I wish I had **EXO** before my surgery last year.*

*I've lost 60 pounds in the past 5 months (from a fatso 240 to a lean-mean 180)! My weight (lean, solid, perfect 180), physical appearance, blood-pressure (100/60), pulse-rate (62), and overall fitness are all now miraculous. I am perhaps the best example of excellent results using Agel products -- as I use 2 boxes of FIT per month (before lunch and dinner), plus 1 box of EXO per month (mornings) since the inception of Agel product arrival in the Philippines.*

*I have been using the FIT product now for just over two months and have lost an incredible 12 lbs. mostly in my stomach. My wife loves it and I love it. I am down to a 34" waist again and have not been there for more years than I can remember. Thank you Agel for developing this FIT product. I also love the EXO anti-oxidant and my wife uses 4-5 of those packets each day.*

*I love the convenience of the MIN product. It is so much better than taking those pills. I used to choke them down but now I just take the gel. Thank you, Mr. Jensen for inventing this product. My brother is taking the FIT to lose weight and he has lost about 4 pounds in the last two weeks. He loves it. We love the pay plan also because we always make more each month than we spend on the product that we personally use so that is a profitable little business that we are trying to grow into a big big business. We listened to Mr. Gage the other night on the phone and became so inspired and the work that Mr. Caldwell is doing with Agelworx and providing us that tool is great. Thanks again Mr. Jensen.*
