Hi Laura,

I checked in on our project just now and they are still working diligently to fix the items in the database either by inserting #ad or taking down the link for older posts. I know you mentioned yesterday that it shouldn't take long to accomplish, but that hasn't been our experience. In any event, I hope you are seeing progress as we move forward, and I will check in again later this afternoon. I am not planning at this time to formally respond to your original letter beyond these emails, in light of our call yesterday and the email updates I am giving you – assuming that is OK with you.

In the meantime, please let me know if there are any questions or concerns that you want to discuss.

Thank you, Mike
