

Hairdoc Tk at **Scottsdale Center for Urology**
June 10 · Scottsdale, AZ · 🌐

Yearly checkup 🙏🙏🙏 cancer or not I advise you all to seek a urologist as now after having a full nephrectomy I realize how vital our little kidneys are and how much they take on a daily basis ..

Stay hydrated ,cut out the alcohol , do yoga pilates or lower stress activities go to a paleo diet with minimal salt and always always think positive as our brain creates the outcomes of most disease and our gut tells us when we feel somethings off 🙏🙏🙏 **Cancer Survivors Meetup** Cancer survivors sharing and caring Superheroes and of course I always recommend my cell renewal to keep the mitochondria on check and reduce inflammation stress and repair damage at the cellular levels

Tyler Rain Thank you TK. I've been in and out of the hospital again too. Infections and kidney issues severe pain & pressure. I'm getting a ton of blood work & tests done but I am so tired of suffering and always getting so sick

Tyler Rain I'm waiting for the rest of all my test results, probably will be a million dollars that I don't have. Medical issues are the worst 😞

Hairdoc Tk Tyler Rain girl I hear that that's why we are doing "preventative "as most insurance companies only covers "sick pay" so let's try to repair the damage and get you back to feeling your best I'm a living testimonial of that and reposting this 🙏🙏🙏 See More
