And God may help someone to check out if naturopathic stem cell enhancer would help. I don't mean for this to be a 'real ad,' so please DO forgive me. But if there is someone 'out there' who is trusting God for a miracle, check out <http://dabuanestem.stemtech.com/> . Do your DD (due diligence), but if my grandchildren had some of these challenges, this is what I would recommend for THEM, TOO.

God bless all of you good folks who have these "blessing/challenges"! Keep SHARING!

Duane Bagaas I'll bet he's getting some great benefits. I doubled my dose of naturopathic stem cell enhancer because of a dislocated toe and am now having NO difficulty with it, except for a few odd movements. Am experiencing more/other healings in the body because of the 2x dose, however. Everyone should try it; your own natural stem cells is the way God made the body to heal/renew itself!
