I heart ISAGENIX. ...making me feel good. ...some of the aches/pain are going away. ..more energy. ..our foods today are depleted, any way you look at it, we need the stuff isagenix is providing. ..it's NOT just for weight loss, you will build muscle. ...no fillers like pretty much ALL other whey protein shakes. ..I crave these, they are delicious. .better mood, better body, better everything.

You wanna jump in and get healthier? I can help you. I need my friends and family to be their best. THIS IS NOT ANOTHER same old, SAME OLD SHAKE PROGRAM, if it were, I wouldn't be using it. Dr approved, Nurse approved. Quit using prepackaged meals in the freezer, they are filled with crap. ..don't get stuck in your thinking .

So come on, I can add you to a group that you can stalk for awhile till you too are convinced. ..that's what I did! My only regret is that I waited about a year to see for myself. Keep your eyes open, you'll see football players, baseball players, kids, stars, teens, the young, the old...are getting healthy from the inside out.

YOU HAVE MEDS? , blood pressure, diabetes, cholesterol, list goes on. ..you could reverse that. .hundreds to thousands all read have. ..you don't know how much better you could feel if you don't try. So don't be chicken. Help me, help you.

Much Love.
