XANGO

November 27, 2014 ·

Xango is a natural product with medicinal benefits. Different people with different health problems like Viral Infections, Fungal Infections Tumours, Cancer, Leukaemia, Inflammation Arthritis, Diabetes, Stroke, Heart Disease, Sclerosis Allergies Depression Alzheimer's & Dementia, Parkinson's Disease, Sexual Performance, Asthma, Blood Clots, High Cholesterol, Menstrual problems, Menopause, Joint Problems, Gum disease, Migraines & Headaches, Carpal Tunnel, Fibromyalgia have used it gotten good results.

Below are some people who have benefited from Xango

Penny T. DOWN SYNDROME: I have 2 children, ages 9 and 10, who have Down's Syndrome. They have been drinking Mangosteen Juice for almost 2 years now. Before that time, they were plagued with severely repressed immune systems. They had constant sinus infections, ear infections, croup, colds, bronchitis, and the like. In the past 22 months they have had NONE of these problems! They drink their Mangosteen Juice every day and we have to hide the bottles from them because they enjoy the taste SO much. Interesting note... you are not going to get a "placebo effect" with Downs people! They have NO IDEA of what it is supposed to be doing for them. They simply enjoy the taste. I have osteoarthritis in my right knee and am limited in my ability to walk. Whenever I sit down for any length of time, I have a difficult time standing up as my knee "locks" and I have to rise slowly until it unlocks and I have to walk slowly at first. It has been like this for three years. After one week on the mangosteen juice (5 oz. daily) I suddenly realized I was standing up and walking normally. I had taken Celebrex ever since my knee scope almost three years ago.

/day, but I'm going to see how I do without it for a few days. I have also been able to discontinue my antibiotic for my skin, another plus. Loene A. - Mon Apr 19, 2004 CANCER - Colon My mom has been diagnosed with cancer for almost 5 years now, last December they diagnosed her with lung cancer. She had numerous tumors, both small and large. She started taking Mangosteen in June of this year. She went in September for her regular CAT Scan and it showed a remarkable improvement. The larger tumors have seemed to shrink and some of the smaller ones have disappeared all together. I think that the Mangosteen along with the chemo treatment has been remarkable along with her strong will to keep fighting, when she was diagnosed with colon cancer 5 years ago they told her she wouldn't live longer than 2 years and 5 years later she is still doing well. Michelle M. I had been taking Lipitor for years to lower my cholesterol. It has never been under 200. After consulting my Cardiologist I lowered my

Lipitor from 40mg to 10mg and then began using Mangosteen Juice. 90 days later my cholesterol was 195 and I am now off the Lipitor! Annamarie INSOMNIAI had DRASTIC insomnia problems for years before I started taking mangosteen juice back in April. After 3 days of taking 1 once three times a day, I suddenly realized that I have been sleeping a hole night without even waking up in the middle of the night. I had my insomnia problems for 4-5 years. All it took was three days of mangosteen juice to finally sleep like a baby. I am a 44 years old woman. Finally I wake up full of energy in the morning like when I was 20!!!! I will never go without my juice anymore. Johanne A. - Quebec
Remember we do not guarantee anyone to succeed with Xango but it is worth trying if need be

XANGO

December 20, 2014

To the youth and singles. there is a sin called trifling of hearts or playing with peoples hearts or lying. Read this statement "Always speak out your heart to someone. Never waste anyone's time if you aren't going to love them forever. Don't even court them because it's of no pride you having a huge list of Ex-boyfriends and girlfriends. It doesn't even portray the man or woman in you. Always speak out your heart to someone, don't keep that person around because you feel pit... [See More](#)
