"I was experiencing migraine before. I have low energy and poor resistance to colds and cough. Now with continuous intake of Genesis, my migraine is gone. Genesis boosts my immune system, no more clogged nose and phlegm. Plus, I have strong stamina against fatigue and stress and I could sleep better. Genesis is remarkably amazing!"

- Julie Mel, Dubai

Symmetry Genesis the Next Generation

"Symmetry's Genesis™ is incredible! Prior to its existence, my health was mediocre. A background of digestive issues kept me from eating lots of things I wanted to. Genesis has balanced my body to allow a strong foundation for health. My digestive issues are disappearing, my hair and nails are growing faster and longer than ever, plus my energy levels are amazing. Not to mention Genesis™ tastes unbelievable. I'm having a hard time drinking only a bottle a month; try like 3-4."

- Anna, Kansas

"Our pediatric patients love the taste and it decreases the number of doctor visits they need to have. Our older patients call it the "Fountain of Youth" because of the energy and sense of well being they experience when they take it. I myself have a bottle in my fridge at home and in the office and take a swig at least once a day. It's like "Wellness in a Bottle." I love it."

- Dr. Howard, California

"I was having a difficult time digesting my food, which resulted in severe chest pains and nausea. I went to a physician and he ruled out any heart problems, but found "acid reflux". I made a couple minor changes to my diet and added 3 to 4 oz of Genesis every day. The pain is now gone and my digestive system is back to normal."

— Jackie, New York

"The stories I'm getting about the wonderful results customers are achieving with Genesis are nothing short of amazing. These stories are coming in from around the world."

- Dr. Mark, Michigan

Genesis™

Genesis is a delicious mélange of red grape and pomegranate in a mixture of apple and Aloe Vera juice infused with a proprietary blend of super foods, healing herbs, powerful antioxidants, phytonutrients, and much more. Genesis is more than a juice; it helps you feel young and healthy by slowing down the body's natural aging process and boosting your energy.

Genesis contains the exclusive triple-patented X'tranol-24 that will impede the production of free radicals in the body for a full 24 hours. A single serving also provides the complete array of healthful nutrients in red wine (including resveratrol) that aid in lowering the risk of heart and cardiovascular disease and prolonging life.

We infuse Genesis with the world's most potent herbs via a process much like brewing sun tea. The herbs are steeped in a juice blend without heat to delicately extract their botanical components and avoid subtle damages to their active ingredients.

X'tranol-24™ Working at the Cellular Level to Keep Energy Levels Operating at a Maximum

If you thought biology class was the last time you would hear about cells, think again. We are completely composed of cells and without them we would not be alive. How well your cells perform is a direct reflection of how well your body performs. Cells constantly need to duplicate. Healthy cells duplicate new healthy cells and damaged cells duplicate damaged cells. Each cell requires energy to do its job and to duplicate itself. The organelles in the body that generate energy in each cell are called the mitochondria.

As we age and/or subject our bodies to stress, mitochondria tend to slow down their reproduction and emit less energy, leaving our bodies more disease-prone and causing an overall decline in health. How quickly and severely this happens is based upon our diet, nutrition, rest and exercise (to name a few). Fortunately, there is resveratrol which works to clean and invigorate the organelles, keeping the mitochondria operating at maximum efficiency. This leads to better health and more energy. It's a true anti-aging remedy.

X'tranol-24™ contains standardized levels of resveratrol in every serving so you know your body is getting what it needs so you can continue to live your optimal healthy lifestyle. But it goes beyond resveratrol. Triple-patented X'tranol-24 also provides all the nutrients, polyphenols, anthocyanins, flavonols, and other micro nutrients found in red wine, without the alcohol, plus enteric coated primary antioxidants. And, most of all, it tastes terrific! Try it; you won't believe the difference it can make in your life.

Enjoy better health, more energy and extended years.

Fulfill your personal and family health goals and live life to the fullest. Drinking delicious, refreshing GENESIS daily promotes better health, increased energy and greater endurance.
