Relief from Fibromyalgia

© January 19 by NikkenNow

"For at least 6 years I suffered with severe pain from Fibromyalgia. I also suffered with a disc degenerative disease, kidney stones, gall stones and 3 herniated discs. On a scale of 1 through 10 (10 being the worse as far as hurting) I ran about an 8 all the time."

"I was on numerous painkillers, muscle relaxers, sleep aids, and even depression medications but nothing seemed to work. I was to the point where my quality of life really was negligible and I was about to leave the work force because I just couldn't function any more. I was no longer the spouse, mother or friend that I had always been and still wanted to be. I had a client with similar challenges that I witnessed go through an amazing recovery.

On inquiry, I found she had discovered this company called **Nikken** and I purchased the same products that she did. It was truly amazing to me. I drank the **water**, slept on the **bed**, wore the **magnetic products** and took many of the **organic-based nutrition**. Within 30 days I was off all my medications and I didn't hurt anymore. That was something traditional medicine couldn't do in over 6 years. 30 DAYS!!!! WOW!!!! I literally had my life back. I was once again the wife, the mom, the friend I had always been and so much more. I can't stress enough, having gone through what I went through, that we do have choices. There are things out there people need to know about. You really don't have to hurt if you don't want to".....Rhonda
