#CancerSucks so many women in my family died from this .
 I am so grateful to have only gone through my Hyperactive thyroid and No cancer !
 And I mean no detection of cancer in my body.
 And my illness in the same family as Cancer .
 But I did chose to go through two radioactive treatments for the removal of my thyroid .
 Treatments was the best thing I could do now I can do way more.
 And shocking I'm doing better than some people without it.
 I made a vow @ 10 years-old to always take care of my body no matter what and how I feel.
 #Thanks to the prayers and people I am blessed to have in my life and the things on God's green earth #Morinda #TNJ cured me of my high blood pressure,heart problems, my hair grew back and I went from being 200lbs to 135 can you say wow! #Morindalifestyle
