EXfuze Seven Plus Classic at Singapore at Jurong Lake Park. February 11, 2014

#### The Benefits of Phytonutrient eXtracts in eXfuze Seven+™ Classic?

Phytonutrient Extracts are the extracts drawn from phytonutrients that are the naturally occurring substances in plants. Extracts, more so than juice or concentrates have several powerful health-enhancing benefits. In fact, according to an article published by the Agricultural Research Service of the USDA, "...cancer, heart disease, auto-immune and Alzheimer's disease may plague the middle-aged and elderly because of our limited knowledge of phytonutrients".

-<http://www.ars.usda.gov/is/AR/archive/dec99/stage1299.htm>

Since the founding of eXfuze, and the introduction of Seven+™ Classic, the first multi-botanical extract, we have firmly positioned ourselves as a predominant manufacturer and supplier of Phytonutrient Extracts that excel in quality, effectiveness, and most importantly, TASTE. Experience has proven that if a product doesn't taste good, people will not reorder.

Although there are other products on the market formulated with extracts, many of them taste terrible, or have a very bitter after-taste. Not so with eXfuze products. Through our unique scientific extraction and formulation processes, we have synergistically combined a proprietary blend of seven of the world's most legendary, botanical extracts: Acai, Goji, Noni, Mangosteen, Gac, Sea-buckthorn and Fucoïdan. These 'superfoods' were combined with the powerful nutrition of five other potent ingredients: Pomegranate, Wild Blueberries, Grape Seed Extract, Aloe Vera and Concord grapes...all to give you a robust, full flavor to enjoy every day... sometimes multiple times per day.
