

Silver Sol - Silver Shield by Nature's Sunshine - Immune Support and Fighter

Silver Shield has a United States patent for safe technology (#7135195). The fine particle-size colloids ensure maximum efficiency, no Argyria (graying of the skin) and no reduced effectiveness from continued use. Available in Liquid and Gel.

Malaria Project in Ghana

The massive amount of research about Silver Shield includes its use for malaria.

View a video about a clinic in Africa that has been using Silver Shield successfully against malaria in children and adults. They have also had success with it on many of the other symptoms that patients are hospitalized for.
