- Made in USA; cooling racks made in China.

Additional Info

- Coated wire reinforcement along the rim of the loaf, half-sheet and quarter-sheet pans maximizes durability and resistance to rust and warping.
- Cookie sheets' angled side provides a good grip when you're removing pans from the oven; the longer sides are flat, so cookies slide right off.
- Unique diamond-textured surface strengthens sheet pans while increasing airflow for even baking.
- Loaf pan's folded construction enhances its strength and durability.
- Extended edge on muffin pan provides a secure grip, making it easy to transfer the pan to and from the oven.
- Extra-thick rolled edge of cake pans ensures maximum durability and warp resistance.
- Straight sides guarantee uniform, professional-looking cakes for easy layering.
- Springform pan has removable sides that clamp tightly around the base for a leak-proof seal; the sides spring free when you open the clamp.
- Cooling rack is made of durable steel.
