Product description

Size: 30 Capsules

As we age, Neuropeptide production decreases, and the connections between the brain cells (neurons) begin to disappear. Fewer connections result in MEMORY LOSS, plus LACK of RETENTION and RECALL. With over 25-years of brain research, CEBRIA was developed by a European pharmaceutical company - the world's leading authority on NEUROPEPTIDES

- Contains a unique blend of natural B vitamins (B6, Folic Acid/B2 and B12) that are important for brain health and function. Plus, L-Theanine, a natural component of green tea
CEBRIA IS SAFE AND EFFECTIVE: Cebria simply supplements what your body isn't making enough of anymore – the neuropeptides that support healthy connections and communication in the brain.

Take one capsule every morning with water. Additional ingredients in the Ultra Blend formula (green tea extract and a patented Vitamin B blend).

30-Day Money Back Guarantee

This Isn't the latest Best Cebria product!!

August 19, 2016
Size: 30 Capsules **Verified Purchase**

this is the first time I've written a review, but I think you need to be careful when buying Cebria like this. The Cebria I got last time from Amazon also contained vitamins - B6 and B12, and Folic Acid, and contained 459 mg of their NeuroPep Proprietary Brand. It was called Cebria Ultra Blend, and price was the same. (expiration date was 11/2017) This Cebria sold here does not contain 60 capsules (but I guessed that) but has no vitamins, and only 282 mg of their NeuroPep. (expiration date 01/17) So less than half the product for the same price. I like the product, but the Ultra Blend works best, and costs the same. Be sure to read the labels, I didn't and got stuck with two boxes of this older product.

Was quite skeptical at first. Within 25 days of taking the product, I found that I have quite vivid dreams and able to recall the dream quite accurately. Will update after a few months use.
