Could be the next generation of pre-made Nootropics

October 10, 2018

Item Package Quantity: 90 Verified Purchase

My review of QuantuMind....

I tried the two samples packs, one on a Sunday and the other on a Tuesday. I'm not new to nootropics.... started with Focus Factor then moved on to Nootroo. From there I started my own stacks. My go-to is Phenylpiracetam and Noopept. All the base and supporting elements are there. I took the day before my first Quantumind off and just had my base... alpha gpc, multi-vit, etc. Sunday I had four of the six capsules and the other two a few hours later. I was pleased, managed all my usually chores and duties along with some work and maintenance on my Durango. Monday I had my usual phenyl/noopept combo, typical work day. Tuesday I had the full six capsules. Clean and neat. I'm accustomed to full doses and what I refer to as pinnacle drugs/supplements. I can get into the minutia and details but the bottom line is I ordered a bottle of this tuff to have on hand. It won't replace my self made stack but it will be in rotation when I cycle off and when I have others interested in the Nootropic world. Neal Thakkar has been professional and respectful. No hard sales or pressure of any sort. The time of

Incredible focus without side effects

October 9, 2018

Item Package Quantity: 180 Verified Purchase

I have used modafinil a number of times for clarity of mind, focus and efficient productivity when in time crunches.

A drawback of modafinil was the medicine like side effects I would also experience.

With quantumind, I have all these benefits plus more without the side effects!

I took half the recommended dosage and had an incredible focus, increased stamina and energy without the side effects.

You know that feeling when you're coming down off a caffeine high?! This product dssipates slowly that I didn't even notice when the caffeine was wearing off.

This product is great for business owners, entrepreneurial, students, or anyone who wants that extra burst of clean energy and mental focus without side effects.

High quality product, higher quality results

October 10, 2018

Item Package Quantity: 90 Verified Purchase

The timing for trying Quantumind turned out being perfect for me, for I had just started a new job in a busy, fast-paced environment. My energy boosting method to keep me moving through the work day is typically energy shots/drink throughout the morning and afternoon. Those have the basic ingredients like caffeine, b vits, and low amounts of L-tyrosine, etc. But all it really boils down to with those is caffeine stimulation until I crash.

THEN, I tested out Quantumind in place of multiple energy drinks and got great results! It also has the staples mentioned above, but in more appropriate doses in my opinion. Now, to be fair, I combined the two-part dose with some extra caffeine because my stimulant tolerance is fairly high at this point in my life. There's no

secret, super energy ingredient that outpowers other stimulants, but the combination of nootropics and plant based ingredients included work wonderfully together and pair very well with caffeine (which is also included in the stack). The caffeine got me jumpstarted as usual, but I never really found myself crashing during the 2nd half of the day.

Finally found my ideal nootropic

August 28, 2018

Item Package Quantity: 90 **Verified Purchase**

I have tried lots of different nootropics products and this one definitely is my favorite so far.

Make sure you experiment with the dosage - amount of capsules and time of day you take it. Personally, I need my morning cup of coffee so I didn't want to OD on caffeine by combining 3 capsules with coffee. Instead, I have my usual morning coffee, and I take 3 capsules with my lunch (it is recommended you take it with food). It takes away my afternoon grogginess and keeps me focused for the rest of the day. The effects even last throughout my evening workout, yet I'm still able to sleep on time!

Nootropics products can become quite expensive these days. However, if properly dosed, Quantumind is actually a bargain. You can tell this product is legit from its unique blend of quality ingredients. It has definitely improved my quality of life!

Be the best version of yourself!

September 24, 2018

Item Package Quantity: 90 **Verified Purchase**

Nutrition for your brain. I don't take it everyday but when I do take it, I notice a HUGE difference. I feel calm and collected even in situations that normally make me on edge-NO ANXIETY. On days I didn't get enough sleep, Quantumind definitely keeps me alert and focused; makes me feel like I didn't miss a beat. Verbal Fluency and Mood lift are unparalleled, just overall great product and great effect on my overall mental state. Only complaint is it only last 4-6 hours but I only take 1/3 of the recommended dose, so I spread it out through out the day and there is no crash. If you love feeling like the best/happiest version of yourself, definitely give this a try.
