Directions	—	For adults, take one (1) capsule daily, preferably with meals.	Take 1 capsule daily or as directed by a health practitioner	Suggested use: 1-2 capsules per day. Pterostilbene is relatively new to the market, and there has yet to be an established recommended Daily Intake (RDI) for pterostilbene. In vitro human science and clinical studies suggest that a daily dose of 100mg to 250mg is recommended. A single 50mg to 125mg capsule twice a day is for all adults. If combined with other ingredients such as resveratrol, the amount may be lowered accordingly.

Top quality

October 30, 2018

Finally there is a resveratrol product actually worth buying. And this product delivers with very quick results. Among its many attributes, firstly you should notice positive changes in your skin fairly rapidly. Couple this with PQQ, and good multi full of B6, and energy levels steadily improve.

I was suggested by my physician to take this supplement. I am new to this brand but was really want to try. The shipment arrived in 3 days and delivered by postal office. Packed well with bubble wrap. It is a nice little brown bottle seems very high quality. The capsules are not too big for me too. So far I like the shopping experience with amazon. I will recommend it to my family. I gave 5 stars.

Many heart doctors claim that this product is one of the most important heart items that one can take, so I am trying it out over the long haul. And I think it is good when taken with food.

Great

January 18, 2019

Pterostilbene is called the next generation of resveratrol. One of the best antioxidant, it is natural and healthy. I keep taking it for several months and I love it under assumption it is 100% pure. It gives me more energy when I'm walking up hills.
