P.S. We have members in nearly every country. Unfortunately, that means that we sometimes report on products that may not be available in all countries outside of the U.S. But because we know how important access to our products is to our members, we work diligently to find local sources and will alert you the minute they are available. If you ever find a product isn't available in your country, please contact us directly and we will make every effort to find a supplier. We do our best to find suppliers who ship worldwide; however, again not all products are always available in every country outside of the U.S.

## "I will soon be 97 years old...THANK YOU SO MUCH, HSI!"

Dear Health Sciences Institute:

I will soon be 97 years old and people sometimes ask me for my secret. Well, I'm not from a long-lived family and I've never been what you'd call a sturdy person.

But I would like to give heartfelt thanks to the people at Health Sciences Institute. Without this marvelous help, I might not be here to talk with you today.

You know, my regular doctor used to be very critical of alternative medicine, but I think my experience with HSI may be changing his attitude.

Not long ago, I met with him and told him, "Listen, I want you to know that I'm going to continue with HSI's nutritional advisor and I just wanted to make sure this wasn't troublesome to you."

My doctor looked at me seriously and said, "You just keep doing what you're doing."

I certainly will. Thank you so much, HSI.

—Linda H. Greenville, SC
